The college adopts a feedback system for interactions with students and faculty. IQAC ensures the implementation of the improvements in the academic processes. Feedback system is designed to collect semester-wise student feedback, exit poll and alumni feedback on graduation day and alumni meet. The curriculum is reviewed once in three years and updated every year to meet the emerging needs of students and other stakeholders. Feedback from students from Heads of the department is analyzed and forms the basis for future plan on academic teaching and learning process. Feedback collected from Students, Parents, Alumni and External Experts to measure the attainment of the learning outcomes. The Board of studies invites alumni placed in industries to provide their inputs in the framing of syllabi. Outgoing students and alumnae feedback focus part of curricular revision process to strengthen the syllabus. Performance of the faculty is assessed with the following inputs: 1. The student feedback at the end of each semester - At the end of each semester the students assess the faculty on the teaching learning aspect of the curriculum. 2. Heads of the department and Faculty feedback collected at the end of the semester as vice-verse. 3. A report on academic up gradation by faculty in the form of department report annually for college day report and management incentive is used for faculty performance appraisal. The IQAC issues feedback forms to assess teaching-learning mechanism, structures methodologies. The college takes steps to ensure positive outcome by correcting discrepancies. Student Feedback is obtained from the students (25 per class) at the end of every semester (twice in an academic year). The students review the teachers on various parameters. The consolidated feedback report is reviewed by IQAC coordinator and forwarded to the Principal. Based on the feedback required modifications are carried out in the curriculum, teaching learning process evaluation. Expert Feedback is collected from external experts in Board of studies, Academic Council and examiners on curriculum and evaluation process. Feedback forms also will be sent through post or mail and collected. Faculty Feedback from faculty is also collected before curriculum revision. This will be discussed collected in the department meeting conducted. Alumnae Feedback from the alumnae is collected at the time of alumnae meet on graduation day. These feedback forms are consolidated by the alumnae coordinator, analyzed by IQAC for further action. Exit poll Parent's feedback is collected at the end of

the year as exit poll manually through final year students. Faculty by HoD Every semester performance of the new teachers is assessed by collecting feedback from the HoDs which will be considered for the continuation of service in forth coming years HoD by Faculty Effective leadership and contribution of the HoD for the progress of the department is assessed through feedback collected from the department faculty. 7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

BEST PRACTICE - I 1. Title of the Practice: Online Course The SWOC analysis was carried out under the guidance of Dr.S.Jayakrishna, Associate Professor BIM, in 2016 and strategic plan prepared for the college. This exercise enabled introducing ICT enabled teaching with the short term strategy of establishing NPTEL local chapter and Spoken tutorial Nodal Resource Center. As part of this initiative, students are encouraged to enroll the selected course identified by the department, under the mentorship of a faculty. Computer and online facilities are provided by the college in the computer lab III. 2. Objectives of the Practice Objectives To establish an online platform encouraging effective communication between the instructors and students. To provide programs relevant to the students future career of their desired course. To make their learning easy go process. Outcome: Continuous training and updating their knowledge can benefit from well-developed and peerreviewed course contents by the IITs and IISc. Gaining extra credit added in the mark statement. Getting extra certificate. Principles/Concepts of the practice: Improving Job scope. Creating self development and positive behaviour. 3. The Context Contextual feature: 1.Collaboration with IIT Madras, IIT Bombay ,SWAYAM and ICT Academy of Tamilnadu. 2.Utilization of computers, LCDs and internet facilities. 3.Infrastructural support. 4.Experienced faculty. 5.Assessment of outcome. 6.Orientation to the students monitoring. 4. The Practice i) Establishment of NPTEL Local Chapter NPTEL Local Chapter was established in September 2016 in collaboration with IIT Madras. Dr. Mangal Sundar Krishnan, Professor of Chemistry from IIT Madras and Dr. Shantha Kumari from Rajiv Gandhi College of Engineering gave orientation about NPTEL online courses to the Faculty and Students. The total number of students enrolled in the online courses during the last two years was 350 and the data is enclosed. The marks obtained in the exam is being entered in the mark statement under extra credit earning provision ii) Establishment of Nodal Resource Centre The college is nominated as Nodal Resource Centre for Spoken Tutorial Project in collaboration with IIT Bombay. The Spoken Tutorial is an initiative of National Mission on Education through Information and Communication Technology launched by Ministry of Human Resources and Development, Government of India to promote literacy through FOSS (Free Open Source Software). It was inaugurated on 4th February 2017 by Ms. Shyama Iyer, National Co-Ordinator of Spoken Tutorial from IIT

Bombay. Nearly 1700 UG students enrolled for the course Libre office suite offered through spoken tutorial. iii) Introduction of SWAYAM One more initiative taken by the Management to adopt SWAYAM. Mr. Caxton Emerald, Assistant Professor of Computer Science attended one day Regional Workshop organized by UGC on "Adoption Promotion Production of MOOCS" at MANUU, Gachibowli, Hyderabad on 31st August, 2018. Based on the learning experience orientation is given to the Faculty Students and online courses offered under SWAYAM incorporated from the academic year 2018-2019. iv) NDLM Online Certification National Digital Literacy Mission Scheme has been formulated to impart IT training to all authorized ration dealers in all the States across the country. 1939 students wrote the Online Examination and received Digital Literacy Certificate in association with ICT Academy of Tamilnadu. Our campus is certified as "Fully Digital Literate Campus" by ICT Academy and MHRD. 5. Evidence of Success NPTEL - January - April 2018 120 students SPOKEN TUTORIAL - July - December 2018 75 students 6. Problems Encountered and Resources Required Constrains/Limitations Some of the students don't have own computers High speed internet connectivity at all times without break for online courses.

Communication Understanding. Continuous monitoring. Resources Required Requirement of many personal computers for further enrolment in online courses.

Dedicated faculty for enrolment of students organising online classes/enrichment programs and assessments BEST PRACTICE - II 1. Title of the Practice: Vocational Course (Add on Courses) The College organizes a series of vocational courses outside the curriculum under Part VI. Employability skill is promoted through value added mandatory certificate course in first year and diploma course in second year. A student has to register one certificate and one diploma course of her own interest during her course of study. Classes are conducted between 3.30 pm and 4.30 pm during college hours. This program also aims to help students in overall career development in their respective discipline 2. Objectives of the Practice Objectives To impart job skills to the students. To acquire skill development emphasising skill-based education. To promote Entrepreneurship among students. Outcome: Ensure all round development of personality of the students. Expanding job opportunity and prospects through value added mandatory certificate course in first year and diploma course in second year. Principles/Concepts of the practice: Improving Job scope Creating self development and positive attitude. 3. The Context Contextual feature: After graduation, when students enter their concerned profession, in addition to domain knowledge, other skills and abilities are very much required to become successful in the profession. Following things are required • Tie up /collaboration with industries • Infrastructural support • Trained faculty • Assessment of outcome • Hands on training 4. The Practice In the beginning of every year proposal is received by the Vocational course Co-ordinator from every department along with the details of industry, teacher profile, duration, course fee, MoU format. Time duration I UG Certificate - 50 hours II UG Diploma - 80 hours Class hours in the time table I UG Certificate - Monday Tuesday II UG Diploma - Wednesday, Thursday Friday Duration I UG Certificate - 3.30pm - 4.30pm (2 hrs per week) II UG Diploma - 3.30pm - 4.30pm (3 hrs per week) 5. Evidence of Success Assessment of the students is carried out at the end of every year by the external examiner. Papers are evaluated by the course teacher and the results are announced. Certificates are issued at the time college student council valediction. The success of the course is reflected through results placement. Sample evidence for placement (Biochemistry-Medical coding Medical Lab Technology) Academic Year No. of students placed 2017-2018 6 2016-2017 9 2015-2016 6 2014-2015 3 2013-2014 15 6. Problems Encountered and Resources Required Constrains/Limitations Effectiveness of the training in spite of the regular production work at the industry or service sector. Permission to undergo training for month long duration. Safety and security of students doing internship outstation.
